

# Power Conditioning\* True Online UPS for OEM / Export 3KVA and 5KVA

## Indigenous design with International standards.

- ▶ AIPFC (0.99PF, 10% THDi)
- ▶ IGBT inverter and convertor
- ▶ H-bridge inverter with isolation transformer at the output
- ▶ SNMP compliant
- ▶ Solar conversion compatible
- ▶ Certified as per IEC 62040-3 by leading NABL accredited lab
- ▶ 4 LINE LCD display
- ▶ Industrial long life topology - Export compliant design

## Service friendly design

Can be serviced by any personnel with minimum training.

\* Extends the life of your load and the uptime of your process by 30% as compared to conventional Online UPS. Considering the **loss of downtime** and the amount of **investment on infrastructure** this calls for a serious consideration.

## Long life design

10 years of product life even under unreliable, poor quality power supply.
